

Worksheet – History of England Poster

Task

You will create a poster about the history of England using Microsoft Word.

The typing text contains mistakes. As you type, you must correct capital letters, punctuation, spacing and spelling.

After typing the text you will research more information, add images and design a poster. Formatting should be done last.

Step 1 – Start your document

Open Microsoft Word

Create a new blank document

Type your name

Press Enter

Type today's date

Press Enter two times

Step 2 – Type the text and correct mistakes

The text below has mistakes. Correct the capital letters, punctuation, spacing and spelling as you type.

the history of england

roman britain

england was first invaded by the romans in ad 43 they built roads towns and cities across the country they also brought new ideas about law and building

the romans ruled england for many years but they left in ad 410 after they left many towns became empty

anglo saxon england

after the romans left groups called the anglo saxons came to england they built villages and farms and created new kingdoms

they spoke old english which is very diferent from the english we speak today

norman england

in 1066 william the conqueror invaded england he won the battle of hastings and became king

the normans built castles to control the land and protect their power

Step 3 – Research more information

Search online and add two more historical facts about England.

- The Vikings in England
